Establishment of the Canberra Accord in Canberra, Australia

The Accord

The Canberra Accord is a multilateral agreement among organizations that share established systems for the accreditation or validation of architectural education, recognizing these systems as substantially equivalent.

Objective of the Accord

The Accord is intended to facilitate the international mobility of architecture graduates and to contribute to improving the quality of architectural education through benchmarking

Substantial Equivalency

The term 'substantial equivalency' identifies a program/me as comparable in educational outcomes in all significant aspects, and indicates that it provides an educational experience meeting acceptable standards, even though such a program/me may differ in format or method of delivery. Substantial equivalency is not accreditation or validation.

Periodic Signatories Reviews

The signatories are periodically reviewed to ensure compliance with the Accord Rules and Procedures, which monitor their substantial equivalency

Since 2008, the CACB has hosted three Periodic Reviews, each resulting in the granting of a full 6-year term to acknowledge full compliance with the Accord's Rules and Procedures.

The most recent visit took place in March 2024, with the next scheduled for 2030.

Canberra Accord Graduates Mobility

The CACB has developed a specific Academic Certification Assessment Stream for Canberra graduates since 2012.
